

*Kien Giang, December 21<sup>st</sup>, 2023.*

**INVITATION LETTER**

**Stakeholder Consultation Meeting for methane emission reduction project “*Incentivising low emissions rice production through satellite technology in Vietnam*” under Gold Standard for Global Goals (GS4GG)**

To: .....

BUSINESS PARTNERSHIPS PLATFORM project - Incentivising low emissions rice production through satellite technology in Vietnam is a project that contributes to protecting the environment and promoting sustainable development, currently with the participation of CarbonFarm Technology, SAS; Rikolto Vietnam, IRRI - International Rice Research Institute in Vietnam and Kien Giang Agricultural Extension Center.

To affirm the project's contributions to environmental protection and sustainable development, it is being developed and registered according to the Gold Standard for Global Goals - GS4GG (Gold Standard) and seeks to obtain verified emissions reductions (VER).

We aim to avoid methane emissions related with conventional farming techniques, reduce water consumption and methane emissions in rice cultivation. The project also envisages to benefit farmers through gain of new technological know-how and opportunities to practice climate friendly agriculture.

To better design the project, we are seeking feedback and invite you to attend the ‘Stakeholder Consultation Meeting’ meeting to develop the Project “Incentivising low emissions rice production through satellite technology in Vietnam” under GS4GG.

Time: 14:00 – 16:00 January 22, 2024

Location: Hall of Kien Giang Agricultural Extension Center - 1224 Nguyen Trung Truc, An Binh ward, Rach Gia city, Kien Giang province.

Delegates who are unable to attend the meeting want to comment or need to clarify the technical details of the project, information about the Gold Standard mechanism, please contact us:

- Mr. Nguyen Trung Hieu - COO of CarbonFarm Technology, Project Coordinator in Vietnam. Phone number: 0946241899. Email: [hieu@carbonfarm.tech](mailto:hieu@carbonfarm.tech)
- Mr. Tran Hong Thanh - Gold Standard Consultant. Phone number: 0374534492. Email: [thanh@carbonfarm.tech](mailto:thanh@carbonfarm.tech)

Thank you very much./.

**STAKEHOLDER CONSULTATION MEETING TO DEVELOP PROJECT “INCENTIVISING  
LOW EMISSIONS RICE PRODUCTION THROUGH SATELLITE TECHNOLOGY IN VIETNAM”  
UNDER GOLD STANDARD FOR GLOBAL GOALS (GS4GG)**

Kien Giang, January 22<sup>nd</sup> 2024

<b>Time</b>	<b>Content</b>	<b>Person in charge</b>
13:30 – 14:00	Welcome and registering	BPP Project
14:00 – 14:10	Opening remark, introduction of participants and the purposes of the meeting	- Representative of Kien Giang Agricultural Extension Center - Representative of BPP project
14:10 – 14:30	Giới thiệu tổng quan về dự án BPP Overview of the BPP project	Representative of BPP project
14:30 – 15:00	Discuss the economic and social impacts, gender equality issues and the appropriateness of the project to the local community	- Delegates - Representative of BPP project
15:00 – 15:40	Q&A related to the GS4GG project and its monitoring mechanism	- Delegates - Representative of BPP project
15:40 – 15:50	Distribute survey forms to survey delegates' opinions on the project and the meeting	Representative of BPP project
15:50 – 16:00	Conclusion, summary on meeting minutes and closing	- Representative of Kien Giang Agricultural Extension Center - Representative of BPP project
